

PLEXIGLASS UFO

ATIS 0117

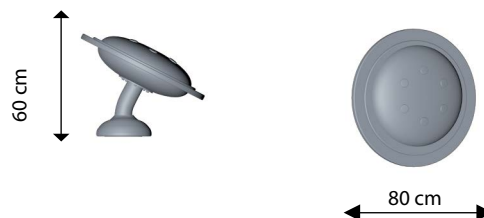

atis
Jasienica

Attention! A UFO has landed in the water playground and set up a watery force field around itself. That won't help it, however, since we Earthlings are very fond of water!

This attraction, designed for the very young, has a safe, oval shape with lots of water nozzles. Like every flying saucer this one also has a coloured ring, made in this case from 25 mm thick acrylic glass.

Approximate spray distance

| | |
|--------------------|--------------|
| Type of connection | 1 1/2" |
| Capacity | 18-38 l/min. |
| Steel grade | 316 |
